

Fillmore Street Bridge Improvements and Trail Connections - I-25 to Monument Creek Project

▶ PEL PROCESS

Transportation planning study outlined by Federal Highway Administration (FHWA) that identifies:

Transportation
issues and
priorities

Environmental
resources and
concerns

Stakeholder
and public
concerns

The PEL study follows federal guidelines in order to confirm that analyses can be used in future National Environmental Policy Act (NEPA) clearance documentation.

ALTERNATIVES SCREENING PROCESS

LEVEL 1 SCREENING

Develop initial range of alternatives and screen based on ability to meet the purpose and need

LEVEL 2 SCREENING

Further develop alternatives and compare to each other

RECOMMEND ALTERNATIVES

Recommend alternatives for future NEPA Study
